

Please keep the DO NOT CALL LIST in effect. The telemarketers were waking up my kids and I in the Morning and calling during their nap times and waking them up. It has been so wonderful not getting bombarded with phone calls from people I do not even know. Years ago only friends and relatives would call. It got so bad, the telemarketers were calling 1 or more times per hour. PLEASE KEEP THE DO NOT CALL LIST IN EFFECT.

Thank You,  
Debby Freberg
